

## Cloud Backup for Microsoft 365

Vembu Cloud Backup for Microsoft 365 offers enhanced, cost-effective, and secured cloud to cloud backup solutions for your Microsoft 365 data, including Exchange Online (emails, contacts, calendars), and OneDrive for Business data. Vembu provides unlimited agentless and automatic backups, which ensures anytime access to your data and reduces unnecessary costs and keeps your business running all the time.

### Customer Quotes

*"We were looking for a product that would centralize multiple products and be a turnkey solution. Vembu allowed us the ability to support multiple customers with different environments using an enterprise grade product at an affordable cost"*

- Eyal, CTO, Double Down Tech

### Vembu Portal

It is an all-in-one portal to register & manage Vembu Products & Services with the options like:

- Billing
- Invoice
- Licensing
- Account Management

### Key features

**Automated Scheduling** – Run automated daily backups through an automatic scheduling system.

**Exchange Online Backup** – Backup all users' email accounts or individual user's email accounts to Vembu Cloud.

**Contacts and Calendar Backup** – Backup the contacts and calendar of Microsoft 365 user accounts to Vembu Cloud.

**OneDrive for Business Backup** – Backup all OneDrive data like documents, spreadsheets, presentations, etc. to Vembu Cloud.

**Restore Anywhere & Anytime** – Login to the cloud backup console from anywhere at any time to instantly restore the backed up Microsoft 365 data.

**Point-in-Time Restore** – Retain multiple versions of Mails, Calendars, Contacts and OneDrive for Business data to restore from any previous version.

**Granular Restore** – Browse, search, and granularly restore only the data exactly what you need

**Cross-User Restore** – Recover single mail or group of emails to the same user or to different user accounts available in the same domain.

**Quick View** – Easily search and view the emails, documents, contacts from the backup without performing a restore.
